TITLE OF ORDINANCE Contract approval Striping Powder, Cataphote Corporation

DEPARTMENT REQUESTING ORDINANCE Traffic Engineering Department

SYNOPSIS OF ORDINANCE Purchase of 4,000 lbs. of striping powder to be used for
the 1976 City street painting program. The powder when applied correctly will
provide crosswalk - lines and stop-bars for signalized intersections and school
zone crossings.

EFFECT OF PASSAGE Will conform to Federal requirements regarding "Uniform Traffic
Control Devices". Will provide adequate day and night time
guide-paths for pedestrians at legal crossing-points. These painted lines will also
serve as a notice to motorists of a "pedestrian crossing-point", both at intersection
and non-intersection locations.

EFFECT OF NON-PASSAGE Failure to conform to Federal requirements regarding
"Uniform Traffic Control Devices" would disqualify the City for future Federal
funding. Without legal designated crosswalk-markings pedestrians would be
exposed to unnecessary danger and could result in death, injury and confusion.
